

# Outsourced Accounting & Finance for Click IT Franchisees

Smart, timely and uniform bookkeeping and financials

Far too often, franchisees in other systems are forced into an unpleasant choice where they end up overpaying for services better suited for larger companies and larger budgets, or scrape by with a DIY or part-time solution that fits the budget but doesn't really address their business needs or scale with their business.

At Click IT, we are committed to providing our Franchisees with a better option. We have partnered with SmartBooks, where their accounting services are tailored to the unique needs and budgets of our franchisees' businesses. SmartBooks employs a remote team who can help handle the routine accounting tasks more efficiently so franchisees can focus on their other priorities - like growing and scaling their businesses.

## All Levels of Support Available:

Whether you need bookkeeping, accounting, CFO or Controller support, payroll management, HR support, or tax preparation and planning, SmartBooks can help you get the results you deserve at a price you can afford with custom packages for any sized budget.

Having readily available financial metrics and reports at your fingertips, enables you to make better and smarter decisions.

SmartBooks can work directly with Franchisees who need support in the following areas:

### **Bookkeeping & Accounting**

From basic bookkeeping to GAAP-compliant accrual accounting with a guaranteed close by the 15th of every month.

### **CFO & Controller Services**

Looking for an experienced CFO or Controller to help you achieve better financial results from your franchise? Our Outsourced CFO & Controller Services are designed with the needs, and budgets, of franchisees in mind.

### **Payroll & HR Management**

Payroll and benefits management for part-time, full-time, hourly, and salaried workers. Expert consulting to keep your franchisees compliant with state and local laws.

### **Tax Planning & Preparation**

Tax planning and preparation services with no surprises and no extensions, with as-needed expert consulting.
